

## Eicon Analog Holiday Sale

Just in time for the busy holiday shopping season, we are offering huge discounts on the 4-port analog Eicon Diva Server cards. Regularly priced at \$1695, now on sale for only \$1000. That's a savings of nearly \$175 per port!

The Eicon Diva Server Analog cards offers outstanding features such as v.34 fax support (33.6K), MH, MR & MMR compression, Error Correction Mode (ECM), true plug-and-play support for Windows 2003, XP and 2000 and is scalable up to 8 boards in a single PC. This is a limited time offer\* so "gobble" them up while you can!

## Faxing Tip!

Most of you know of the recent changes to the TCPA fax law. A quick reminder to ensure that your faxes meet the current national fax law requirements; You must adhere to the following rules:

You must include an "OPT-OUT Notice" on the first page (or coversheet) containing the following:

- Sender's domestic telephone number
- Sender's domestic fax number
- A cost-free mechanism for a recipient to transmit a request to opt-out. (800, 888 number, website, etc)
- Your opt out number(s) must be useable at any time on any day of the week

Your fax must include ALL of the following:

- Company name
- CSID, Phone Number or Fax number (should be in your opt-out notice already)
- Date and Time

This is easily done by editing your \$fax\_header line in your User Profile or in your broadcast templates. Please refer to your reference manual for more information on fax headers and see the example below for adding your company name and the required date and time.

```
$fax_header "@CONAME @DATE1 @TIME3"
```

As always, you may contact Copia Technical support for more assistance.

## Vertical Buys Comdial

Vertical announced that its bid to acquire Comdial Corporation was approved. The combination of Vertical and Comdial create a significant player within the IP-PBX space, with the momentum to make a greater impact on the IP telephony market. With reported revenues of \$39.58 million for the 12 months ended December 31, 2004, the addition of Comdial approximately doubles the size of Vertical from a revenue perspective.

Existing Comdial users may either contact Copia directly for information on our fax, IVR, e-mail and voice products, or contact their existing Comdial reseller for more information.
