AGAIN - WE'RE TESTING

We're continuing to test our FoIP solution especially for large broadcasts!
Our plan is to send this Lately out over the next month, not once, but three times! If you have the time, we're asking you to contact your sales representative if the Lately just doesn't look right. Thank you for your patience.

If you've wondering how much money FoIP can save you, now would be the time to try our special 2-line system. Call your sales rep for more information.
